

Great Plains IDeA-CTR Lecture Series

NeHII Strategic Direction, Population Health Analytics and PDMP

Thursday, September 13, 2018 | 12:00-1:00 PM
Center for Nursing Science (CNS), Room 40118

Jaime Bland, DNP, RN-BC
Chief Executive Officer
Nebraska Health Information Initiative
(NeHII)

Kevin Borchert
Director, Prescription Drug Monitoring Program
Nebraska Health Information Initiative
(NeHII)

This presentation will focus on:

- NeHII Strategic Direction and Population Health Analytics
- PDMP (Prescription Drug Monitoring Program)

Jaime Bland DNP, RN: Prior to assuming the CEO role, Dr. Bland was the Director of Business Development responsible for value added services for NeHII focusing on expanding capabilities in supporting quality reporting and population health analytics. Dr. Bland holds a Doctorate of Nursing Practice - Public Health Global Health Nursing from Creighton University. She is a member of multiple professional organizations including American Organization of Nurse Executives, American Nurses Association, and Sigma Theta Tau.

Kevin Borchert: Dr. Borchert graduated in 1986 from the University of Nebraska Medical Center and completed his residency in Phoenix. Prior to working for NeHII, Kevin worked at the Nebraska Methodist Health System as the Pharmacy Informatics Coordinator for over 19 years. Kevin is a member of the Nebraska Board of Health, Nebraska Medicaid DUR Board, and Nebraska eHealth Council. In addition to serving as co-chair of the SHIEC PDMP Workgroup and co-chair of the ASTHO PDMP EHR Integration & Interoperability Community of Practice, Kevin is a member of the NASCSA Data Integrity Subcommittee and the Operations Committee Chair of the PMIX Executive Committee for interstate data sharing.
