INTERESTED IN USING EHR DATA FOR RESEARCH?

The READi Core is here to help!

We offer data from a variety of data sources to fit your research needs!

Local EHR:
- Nebraska Medicine, Children's Nebraska, NHA

Registries:
- PHIS

National Networks:
- All of Us, N3C, OHDSI, PCORnet

What We Do:

- Feasibility counts for grant applications
- Deidentified datasets
- Identified datasets
- Recruitment lists
- Recruitment messages
- Dashboards
- REDCap builds

Getting Started:

- Determine your research question and data elements you wish to collect
- Receive IRB approval or Non Human Subjects Research determination
- Submit a READi request here

The Process:

| Submit Request | Meet with Navigator | Analyst Build | Data Release! |
