

Multimorbidity Symposium

Join us for this virtual, half-day symposium on multimorbidity featuring national and international speakers. During this symposium, speakers will discuss the concept and framework of multimorbidity, summarize available methods to assess multimorbidity and relevant outcomes, apply multimorbidity to specialty care settings, review the evidence of multimorbidity interventions, and explore health equity for multimorbid individuals. Participants will have the opportunity to engage with the speakers through moderated panel discussions.

May 20th, 2022

8:00 am-12:00 pm
